

**Raising the Bar in Fire & Safety**

Vigilantcore is premier Fire & Life Safety Consultancy Firm, dedicated to protecting lives and assets through experts' risk management solutions. Established in 2025, we have quickly emerged a leader in fire risk assessment, prevention and compliances, helping business and organizations in maintaining continuity in business operations by drawing upon a state of the art, loss prevention engineering solutions.

With a team of highly skilled professionals, we bring a wealth of knowledge and hands on experienced to every project, ensuring our clients receive innovative, reliable, and tailored solutions to mitigate risk and enhanced safety standards. At Inferno Guardians, we don't just assess risk- we provided strategic solutions that create safer environment for all.

**SAFEGUARDING  
LIVES &  
PROTECTING  
ENVIRONMENT**

## **OUR VISION**

To be the leading and most trusted risk management and life safety consultancy firm, recognized for our expertise, integrity and unwavering commitment to excellence.

## **OUR MISSION**

To safeguard lives and protect assets by delivering innovative, reliable and comprehensive risk management and life safety solutions. We strive to empower business with the knowledge and tools necessary to prevent and mitigate fire hazards, ensuring compliance and peace of mind.

# OUR SERVICES

## 1 FIRE & LIFE SAFETY SOLUTION

Comprehensive fire risk management and emergency preparedness

## 2 ELECTRICAL SAFETY ASSURANCE

End to end electrical hazard assessment and compliance

## 3 ESG & SUSTAINABILITY ADVISORY

Sustainable solutions for corporate ESG compliance

## 4 PROCESS SAFETY AND RISK MANAGEMENT

Industrial safety solutions for process risk control

## 9 CERTIFICATIONS

All types of certifications

## 5 INSURANCE RISK & COMPLIANCE SUPPORT

Expert advisory for claims audit and liability mitigation

## 6 DUE DILIGENCE & RISK COMPLIANCE

Strategic compliance and financial due diligence service

## 7 SUSTAINABLE WASTE MANAGEMENT

Eco-friendly and regulatory complaint waste disposal solutions

## 8 LEARNING AND DEVELOPMENT

Industry focused safety training and workplace skill enhancement

## 10 LEGAL SUPPORT

Industry specific legal support as per Law

# WHY CHOOSE US?

At Vigilantcore, we don't just provide consultancy – we lead the way in Fire & Life safety excellence. Our Expert team is here to help you navigate risk management with confidence and precision.

Decades of collective experience in fire risk assessment, engineering and compliance.

In depth knowledge of Indian and International Fire safety codes and regulations like (NBC, IS, NFPA, FM, etc.)

A Result driven approach to protecting lives, assets and business.

What we do and how we do?

SAFETY  
FIRST !

# FIRE & LIFE SAFETY SOLUTION

Comprehensive fire risk management and emergency preparedness

- I. Fire Safety Audits
- II. Fire Risk Assessment
- III. Gap assessment for fire detection and protection system
- IV. Fire Load calculations
- V. Design of fire detection and alarm system
- VI. Fire water network analysis
- VII. Design review of fire and life safety system
- VIII. Fire pump performance testing
- IX. Installations Testing and System commissioning

# ELECTRICAL SAFETY ASSURANCE

End to end electrical hazard assessment and compliance

- I. Power Quality Study
- II. Static electricity hazards study
- III. Arc flash & Relay coordination study
- IV. Thermography Study
- V. Hazardous area classification
- VI. Electrical Safety Audit
- VII. Lightning protection design & review
- VIII. Earthing & polarity testing
- IX. SLD Updating

# ESG & SUSTAINABILITY ADVISORY

Sustainable solutions for corporate ESG compliance

- I. BRSR Reporting
- II. Gap assessment
- III. Materiality assessment
- IV. Carbon foot print calculation
- V. GRI Reporting
- VI. Scope 1, 2, 3 carbon emission
- VII. Environmental monitoring (Air, Lux, Noise)
- VIII. Earth pit testing

# PROCESS SAFETY AND RISK MANAGEMENT

Industrial safety solutions for process risk control.

- I. Hazard and operability studies (HAZOP)
- II. Failure Modes and Effects Analysis (FMEA)
- III. Fire & Explosion Risk Assessment (FERA)
- IV. Dust Explosion
- V. Chemical & hazardous material management
- VI. Environmental risk assessment

# INSURANCE RISK & COMPLIANCE SUPPORT

Expert advisory for claims audit and liability mitigation

- I. Risk Engineering Survey: Detailed assessment of critical risk element such as active & passive fire protection system, process related hazard assessment, property Risk Management.
- II. Machinery Loss of Profit (MLOP) Risk Assessment
- III. Property risk evaluation
- IV. Post Loss Engineering survey

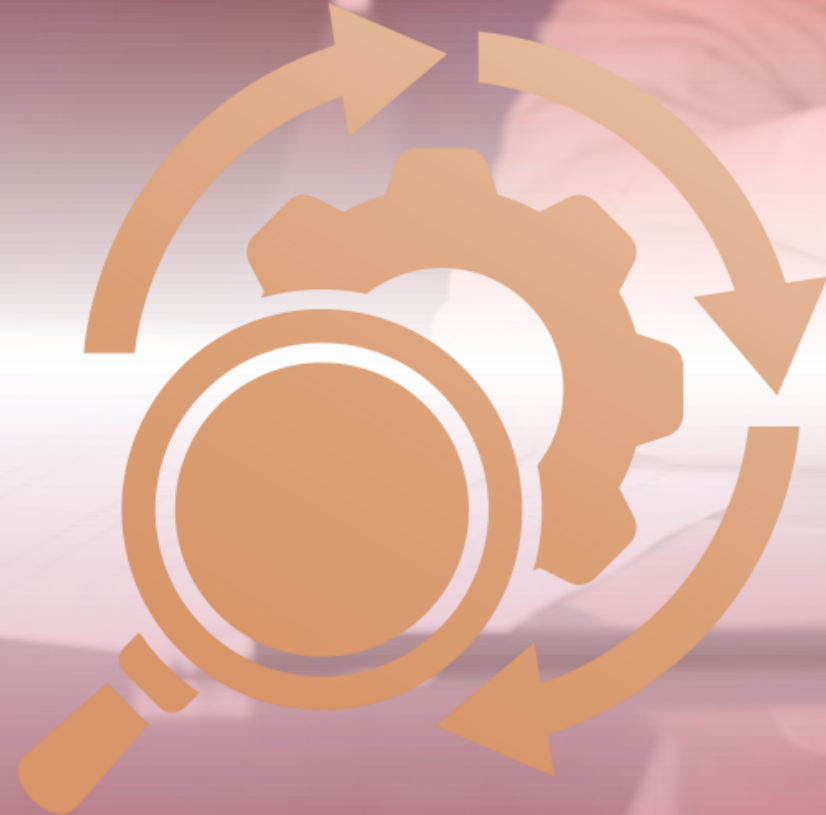

# DUE DILIGENCE & RISK COMPLIANCE

Strategic compliance and financial due diligence service

- I. Fire & Life Safety due diligence
- II. Risk assessment for merger & acquisition
- III. Regulatory & code compliance review
- IV. Financial risk & liability risk assessment

# SUSTAINABLE WASTE MANAGEMENT

Eco-friendly and regulatory complaint waste disposal solutions

- I. Hazardous waste identification and disposal
- II. Regulatory compliance & certification (CPCB, EPA, ISO 14001 & local regulation)
- III. Industrial recycling and circular economy solution
- IV. EPR (Extended producer responsibility)

# LEARNING AND DEVELOPMENT

Industry focused safety training and workplace skill enhancement

- I. ITM training for active & passive fire protection system
- II. Core principals of electrical safety
- III. Electrical equipment preventive maintenance
- IV. First Aid
- V. Basic fire & life safety training
- VI. ESG & Business sustainability for cooperate & middle management
- VII. ISO 14001 & 45001
- VIII. LOTO & Thermography
- IX. Evacuation mock drill with fire fighting vehicle & demonstration crew.

# CERTIFICATIONS

## Implementation and certification for various standards

- I. ISO9001:2015 QMS Certification services
- II. ISO14001:2015 EMS Certification services
- III. ISO45001:2018 OHSMS Certification services
- IV. ISO50001:2018 EMS Certification services
- V. ISO3834:2021 FUSHION WELDING Certification services
- VI. ISO AS9120B AERO SPACE Certification services
- VII. IECQ 080000 ELECTRIC PRODUCT Service certificates
- VIII. RoHS Certification services
- IX. ZED BRONZE, ZED SILVER Certification services
- X. WPQR & TTR Certification services
- XI. MAKING NAME PLATE, SHINE BOARD, POSTER & BANNERS.
- XII. MAKING BOOK & IDENTIFICATION TAGS
- XIII. MATERIAL TESTING SERVICES BY THIRD PARTY.

# LEGAL SUPPORT

Help organizations in obtaining legal certification and licenses

- I. CTE
- II. CTO
- III. Factory License
- IV. FIRE NOC
- V. Hazardous waste authorization
- VI. Annual filling
- VII. Renewal of license
- VIII. Electrical NOC
- IX. Lift NOC
- X. Building Stability Certificate
